- 6 months Leadership Training Youth Impact Mission Africa | JULY 2017

WORK EXPERIENCE

September 2024 – January 2025

App Deployment Specialist (remote work) Invisible Technologies | San Francisco CA 94104, United States |

Responsibilities:

- Collaborate with cross-functional teams (designers, testers, DevOps)
- Deployed and maintained applications on Google Cloud Platform (GCP) and Firebase, ensuring reliability and security.
- Maintained accurate documentation across multiple platforms and applications.
- Stay up to date with emerging trends and technologies in software development

November 2022 – January 2025

Full Stack Developer (remote work) Invisible Technologies | San Francisco CA 94104, United States |

Responsibilities:

- Built responsive user interfaces with HTML, CSS, React, and JavaScript.
- Managed cloud hosted MySQL and PostgreSQL databases for accurate and efficient data processing
- Developed back end services using Java, PHP (Laravel), and Node.js, integrating seamlessly with front end applications.
- Collaborated with developers, designers, and DevOps using Git for version control.
- Optimized MySQL database queries, improving performance for high traffic web applications.
- Translated UI/UX wireframes into interactive, production ready solutions.
- Debugged and refactored code to enhance cross platform performance.

September 2021 – September 2022

Medical Interpreter(remote), GLOBO Language Solutions |Philadelphia, PA 19103| Responsibilities:

- Ease verbal communication between healthcare practitioners and patients.
- Accurate translation of medical information on audio or video calls.
- Accurately translating medical terms for patients, immigrants and other clients from English to Kinyarwanda, and Swahili.
- Simplifying any jargons to make communication easier.
- Upholding confidentiality.

March 2020 – July 2021

Sales and Marketing Officer, Touch Media Design Ltd | Kigali, Rwanda

Responsibilities:

- Offered strategic advice to build brand awareness and capture attention of target markets.
- Identified new opportunities and customers with continuous monitoring of market and pipelines.
- Developed and managed successful marketing sales pipelines by seeking out new leads and building strong partnerships.
- Underpinned successful sales operations by smoothly handling briefs, proposals, and contracts.

LANGUAGES
English | Swahili | Kinyarwanda
